From: Mary C. McNeil, CBO óBuilding Commissioner

Re: NEW SHEET METAL REGULATIONS ó 271 CMR.

The Commonwealth of Massachusetts Sheet Metal Board has adopted new regulations that will effect construction in businesses and households.

On FEBRUARY 19, 2011, these new sheet metal regulations go into full effect including permitting and inspections. Any individual who installed any sheet metal system, including, but not limited to ó **HVAC systems, Metal chimney/vents, Kitchen Exhaust Systems, and Air balancing of ductwork-** now needs to be installed by an individual who has a sheet metal license.

Please review the attached documents for further explanations.
